

Foothills Park & Recreation District wants you to be informed and KNOW THE FACTS!

Did you know...

. . . your HOA Board and three of your neighbors have filed lawsuits against your Park and Recreation District?

. . . your HOA dues will be spent on these lawsuits and that your HOA Board has stated they budgeted \$100,000 toward legal fees? In addition to your HOA dues being spent, these lawsuits will force your Park and Recreation District to spend a similar amount of your tax dollars to defend against these lawsuits.

. . . your Park and Recreation District has tried to work with your HOA to improve Estates Park? Wouldn't it make more sense for your HOA to work with Foothills to spend the money on park improvements rather than legal fees?

. . . Foothills Park & Recreation District has been pre-approved for grant funding to install a new playground in Estates Park and installation could occur in 2010? However, because of the efforts of your HOA to exclude from the district and attempt to take control of the park, these improvements may be jeopardized.

**To hear the facts about these issues and more,
you are urged to attend an informational meeting conducted by
Foothills Park & Recreation District.**

JANUARY 28, 2010 • 7:00 P.M.

Jefferson County Fairgrounds, Exhibit Hall 2
