

# Clement Park Renovations

Beginning in August 2018, a new phase of renovation projects will commence on the west side of Clement Park. Work will begin in late August and continue through spring of 2019, weather permitting.

## RESERVOIR PROJECTS

- ◆ Repair outlet valve on the dam
  - ◆ Water levels will be noticeably lower.
- ◆ Renovate the reservoir overlook areas
- ◆ Improve reservoir water quality

## TRAIL CLOSURES around Reservoir

- The **EAST SIDE** of the Reservoir Trail will experience intermittent closures for smaller scale, short-term projects.
- The **SOUTH SIDE** of the Reservoir Trail will have a long-term closure for the duration of the dam repairs with no paved access.
- Trail closures signage will be posted in the area during closures.

## Alternate Trail Options

Multipurpose paved trails near and/or in Clement Park:

- Additional paved trails within Clement Park on the eastern side of the park
- [Woodmar Square Park](#)
- [Lilley Gulch Trail](#)
- [Dutch Creek Trail](#)

Loop trails of similar size and scope:

- [Harriman Lake Park](#) – soft surface trail
- [Easton Regional Park](#) (around Hine Lake) – partial soft surface trail, partial paved trail
- [Fehring Ranch Park](#) – soft surface trail

## LIGHTING PROJECT

- ◆ Upgrade lighting to LED to include pole and fixture replacement

## LIGHTING OUTAGES

The western portion of the park, including trails, the reservoir loop trail, and parking will experience rolling lighting outages during the replacement project.

## OTHER PROJECTS

- ◆ Expand the main playground with equipment replacement to improve ADA accessibility and add elements for inclusive play
- ◆ Improve concrete areas around shelters 1- 8 and playground
- ◆ Improve amphitheater viewing area to address drainage, user experience and improve ADA accessibility
- ◆ Complete irrigation upgrades in and around the amphitheater area
- ◆ Improve utilities infrastructure
