## Independent Auditor's Report

Board of Directors  
Foothills Park and Recreation District  
6612 S. Ward Street  
Littleton, CO 80127

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activity of Foothills Park & Recreation District ("the District") as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activity of the District, as of December 31, 2020 and 2019, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The Schedules of Revenues, Expenditures and Changes in Funds Available (Non GAAP Budgetary Basis), Reconciliation of Non GAAP Budgetary Basis (Actual) to Statement of Revenues, Expenses and Changes in Net Position, History of District Assessed Valuation Schedule, Mill Levies and Property Tax Collections, the History of Revenues, Expenses and Changes in Net Position Schedule, and the Historical Net Position Schedule are presented for purposes of additional analysis and are not a required part of the financial statements.

The schedules listed above have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Foothills Park & Recreation District's ("the District") annual financial report provides an overview of the District's financial activities for the fiscal years ended December 31, 2020 and 2019. Comparative total data for the prior year has been presented in the accompanying management discussion and analysis and financial statements in order to provide an understanding of changes in the District's financial position and operations. Please read management's discussion and analysis in conjunction with the financial statements and notes to the financial statements.

### FINANCIAL HIGHLIGHTS

- ◆ During 2020 the District's operations were heavily influenced by the Coronavirus Disease 2019 ("COVID-19", "pandemic"). The District experienced reduced operating revenues in nearly all areas of operation during 2020 due to facility closures, program cancellations and operating restrictions resulting from COVID-19. This was partially offset by District golf course revenue, which increased significantly, driven by an increase in rounds and cart rentals due to the pandemic. In total, operating revenue was lower than budget by \$4,138,495. The District conservatively managed expenses throughout the year and as a result, net operating loss was only \$460,938 higher than budgeted.
- ◆ In November, 2020 District voters approved a ballot question authorizing the continuation of a mill levy of 1.534 mills for Sub-District A for all future years. The mill levy was previously associated with the District's General Obligation Refunding Bonds, Series 2010, dated February 23, 2010, which were paid in full in 2020. Revenue generated from the tax was approved to be used for general fund purposes including capital improvements and operational priorities.
- ◆ The District ended the year in good financial position with assets exceeding liabilities at December 31, 2020 by \$80.66 million (net position), an increase from 2019 of \$5.27 million. Of this amount, \$12.92 million is unrestricted and may be used to meet the District's ongoing obligations to citizens and creditors.
- ◆ The District's cash and cash equivalents and total investments increased \$1.24 million to \$14.81 million primarily due to the timing of expenditures for mill levy neighborhood park improvement projects, which have been carried-forward to the 2021 budget year. Receivables decreased by \$0.35 million mainly due to the timing of payment from Great Outdoors Colorado for grant funds receivable as of the prior year end associated with progress on the Clement Park project.
- ◆ The District's total debt decreased \$3.25 million primarily due to principal payments on outstanding debt.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Foothills Park & Recreation District's basic financial statements. The District's basic financial statements are comprised of two components: 1) the District-wide financial statements, 2) notes to the financial statements. This annual report also contains supplementary information in addition to the basic financial statements themselves.

## **REQUIRED FINANCIAL STATEMENTS**

The financial statements of the District use accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities.

### **Statement of Net Position**

The Statement of Net Position provides information about the District's investments in resources and obligations. It also provides the basis for evaluating the capital structure of the District and assessing the short and long-term debt of the District.

### **Statement of Revenues, Expenses, and Changes in Net Position**

This statement measures the results of the District's operation over the past year and can be used to determine the percentage of the District's costs that are recovered through its user fees as well as other expenditures and revenues.

### **Statement of Cash Flows**

The primary purpose of this statement is to provide information about the District's cash receipts and payments during the reporting period. This statement reports cash receipts, cash payments, and net changes in cash resulting from operating, investing, and financing activities. It also provides answers to such questions regarding the source of cash, usage of cash, and the change in cash balance during the reporting period.

## **FINANCIAL ANALYSIS OF THE DISTRICT**

The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the District's activities in a way that can help understand the District's finances. The District's Net Position is another source to determine the financial health or financial position of the District. Over time, increases in the District's net position are an indicator that the District's financial health is improving. However, one should also consider other non-financial factors such as changes in economic conditions, population growth, or changes in governmental legislation.

A summary of the District’s Statements of Net Position as of December 31, 2020 and 2019 is presented below:

	<b>Net Position</b>		<b>2019 to 2020</b>	
	<b>2020</b>	<b>2019</b>	<b>\$ Change</b>	<b>% Change</b>

Total Net Position	<u>\$ 80,663,382</u>	<u>\$ 75,395,220</u>	<u>\$ 5,268,162</u>	<u>6.99%</u>

As can be seen from the chart above, Total Net Position increased \$5,268,162, or 6.99% in 2020. Restricted Net Position reflects amounts restricted for TABOR reserves. In addition, the Board of Directors of the District (“the Board”) established a general reserve fund in an amount equal to 9.0% of the District’s annual operating budget, which includes the TABOR reserves. The Board has not restricted or committed any of these unrestricted funds for any specific purpose except for cash flow, emergency and other purposes as determined by the Board. As of December 31, 2020, the District had a general reserve fund of \$2,208,000, which includes the TABOR reserves of \$736,000.

A summary of the District's Statements of Net Position as of December 31, 2019 and 2018 is presented below:

	<b>Net Position</b>		<b>2018 to 2019</b>

In 2019, Total Net Position increased \$4,403,948, or 6.20%. Restricted Net Position reflects amounts restricted for TABOR reserves. In addition, the Board of Directors of the District ("the Board") established a general reserve fund in an amount equal to 9.0% of the District's annual operating budget, which includes the TABOR reserves. The Board has not restricted or committed any of these unrestricted funds for any specific purpose except for cash flow, emergency and other purposes as determined by the Board. As of December 31, 2019, the District had a general reserve fund of \$2,411,000, which includes the TABOR reserves of \$804,000.

While the Statement of Net Position shows the change in financial position, the Statement of Revenues, Expenses, and Changes in Net Position provides answers as to the nature and source of these changes.

As part of our analysis, we provide a summary of the District's Statement of Revenues, Expenses and Changes in Net Position from 2019 to 2020 as presented below:

**Comparison of Revenue and Expenses – 2020 to 2019**

Operating Revenues derived from Fees and Charges for Services were \$11,948,230 in 2020 compared to \$15,335,676 in 2019, a decrease of \$3,387,446, or 22.09%. The District experienced reduced operating revenues in nearly all operating areas during 2020 due to facility closures, program cancellations and operating restrictions resulting from the COVID-19 pandemic. Children's Programs, Recreation Programs and Recreation Centers had the most significant decreases of \$2,011,027, \$1,357,015 and \$611,766 respectively, driven by facility closures, and restrictions on District operations related to capacity restrictions and limitations on group sports. These decreases were partially offset by Golf, which had a \$1,869,768 increase in operating revenue resulting from a significant increase in rounds and rental revenue at both District golf courses as golf emerged in 2020 as an outdoor recreation activity in which social distancing is possible, driving increased public participation in the sport during the pandemic.

Operating Expenses in 2020 were \$21,401,440 compared to \$22,821,861 in 2019, a decrease of \$1,420,421, or 6.22%. Operating Expenses decreased due to lower part-time wages and operating supplies driven by facility closures, program cancellations and operating restrictions related to COVID-19. The most significant decreases occurred in Children’s Programs, Recreation Programs and Aquatics, which decreased \$722,107, \$458,209 and \$440,945, respectively. Operations in each of these departments were impacted by closures and operating restrictions due to the pandemic and as a result each department had significant reductions in part-time wages and operating supplies.

Property and Specific Ownership Taxes were \$14,002,521 in 2020 versus \$12,673,093 in 2019. The increase of \$1,329,428 was primarily attributable to a 12.92% increase in assessed values for the 2020 tax collection year. Conservation Trust revenues were \$501,080 and \$553,927 in 2020 and 2019, respectively, reflecting a decrease in the District’s allocation of state lottery ticket sales for 2020. Grants and Contributions increased \$1,045,595 primarily driven Senate Bill 35 funds received for use in completing neighborhood park improvement projects and funding received of \$391,193 from the State of Colorado for the Coronavirus Relief Fund Program (“CVRF”).

In 2020, 55.83% of the District’s total operations were covered by fees and charges from programs and facilities and the remaining 44.17% came from property and specific ownership taxes, grants and other sources. The District’s parks, greenbelts and trails are costly to maintain and account for \$5,247,500 of the \$9,453,210 operating loss the District incurred in 2020. The District’s pools and recreation centers are also costly to operate and were subsidized \$3,246,132 from other revenue sources besides the fees and charges paid by the users of these facilities in 2020. Of the \$14,002,521 of taxes collected, \$2,059,329 were designated to make principal and interest payments on General Obligation Debt and \$11,943,192 were designated to offset operating losses and other debt principal and interest payments owed as a result of financing the construction of the District’s Peak Community Wellness Center, the Edge Ice Arena, and the Foothills Sports Arena.

The following table shows the amount and percent that operating costs were recovered through operating revenues including fees and charges for the years ended December 31, 2020 and 2019:

**Cost Recovery Through Fees and Charges**

	2020	2019	2019 to 2020	
			\$ Change	% Change

**Comparison of Revenue and Expenses – 2019 to 2018**

Operating Revenues derived from Fees and Charges for Services were \$15,335,676 in 2019 compared to \$15,506,766 in 2018, a decrease of \$171,090, or 1.10%. The District experienced reduced operating revenues in numerous programming areas in 2019. Aquatics, Parks and Recreation Centers had the most significant decreases of \$111,005, \$65,308 and \$64,618 respectively, due to decreased admission fee revenue from the District's pool facilities and Recreation Centers and lower field and shelter rentals in Parks. These decreases were partially offset by Children's Programs, which had a \$218,185 increase in operating revenue resulting from the opening of two new before and after school care sites and increased participation in all day care and children's camp programs.

Operating Expenses in 2019 were \$22,821,861 compared to \$22,024,192 in 2018, an increase of \$797,669, or 3.62%. Operating Expenses increased due to general inflationary trends in the majority of major District operating centers. The most significant increases occurred in Parks and Regional

Parks, Recreation Centers and Children's Programs. Parks and Regional Parks increased \$165,466 or 3.42% due to higher depreciation expense, annual pay increases and the impact of the increase in Colorado minimum wage. Recreation Centers increased \$106,852, or 3.13% mainly due to increased salaries and benefits related to annual pay increases and the increase in Colorado minimum wage, higher expenditures for professional services and sports officials and higher depreciation expense. Children's Programs increased by \$262,737, or 10.91% primarily due to annual pay increases, higher salaries and wages and higher facility rentals to support two new before and after school care sites and increased supply purchases in day care and camp programs associated with continuing growth in the department.

Property and Specific Ownership Taxes were \$12,673,093 in 2019 versus \$12,693,703 in 2018. The decrease of \$20,610 was driven by lower Specific Ownership Taxes of \$75,740, offset by higher Property Taxes collected of \$55,130 resulting from an increase in assessed values for the 2019 tax year. Conservation Trust revenues were \$553,927 and \$484,258 in 2019 and 2018, respectively, reflecting an increase in state lottery ticket sales for 2019.

Grants and Contributions decreased \$6,683,392 primarily driven by two intergovernmental capital asset contributions that occurred during 2018. First, Jefferson County transferred ownership of Clement Park and water rights for Johnson Reservoir to the District, which resulted in contributions recorded in 2018 of \$5,410,053. Second, Urban Drainage and Flood Control District, in partnership with Jefferson County and our District completed work on a jointly funded project to rebuild the dam and construct a bridge at Beers Sisters Reservoir, which is located within our District in Blue Heron Park. The completion of this project in 2018 resulted in an entry to record contributions of \$1,366,393.

In 2019, 67.20% of the District's total operations were covered by fees and charges from programs and facilities and the remaining 32.80% came from property and specific ownership taxes and other sources. The District's parks, greenbelts and trails are costly to maintain and account for \$4,521,717 of the \$7,486,185 operating loss the District incurred in 2019. The District's pools and recreation centers are also costly to operate and were subsidized \$3,034,182 from other revenue sources besides the fees and charges paid by the users of these facilities in 2019. Of the \$12,673,093 of taxes collected, \$2,057,249 were designated to make principal and interest payments on General Obligation Debt and \$10,615,844 were designated to offset operating losses and other debt principle and interest payments owed as a result of financing the construction of the District's Peak Community Wellness Center, the Edge Ice Arena, and the Foothills Sports Arena.

The following table shows the amount and percent that operating costs were recovered through operating revenues including fees and charges for the years ended December 31, 2019 and 2018:

**Comparison of Revenue and Expenses – 2020 Actual to 2020 Budget**

Operating Revenues were \$11,948,230 compared to budget of \$16,086,725 or \$4,138,495 unfavorable to plan. Operating revenues were below plan most significantly as follows: Children’s Programs by \$2,099,453 or 62.48%; Recreation Programs by \$1,322,960 or 56.57%; Recreation Centers by \$938,070 or 51.72%; Ice Arena by \$605,009 or 28.48%; Aquatics by \$573,054 or 59.75%; and Parks by \$303,502 or 56.21% because of facility closures, program cancellations and operating restrictions resulting from the COVID-19 pandemic. These negative variances were partially offset by Golf, which was favorable to plan by \$1,716,405 or 34.82% resulting from a significant increase in rounds and rental revenue at both District golf courses as golf emerged in 2020 as an outdoor recreation activity in which social distancing is possible, driving increased public participation in the sport during the pandemic.

Operating Expenses were \$18,333,118 compared to budget of \$22,010,675, which was \$3,677,557 less than planned. This was driven by lower than planned part-time wages and operating supplies in Aquatics, Children’s Programs, the Ice Arena, Recreation Centers and Recreation Programs resulting from facility closures, program cancellations and operating restrictions in response to the COVID-19 pandemic.

Net Non-Operating Revenues were \$8,319,604 compared to budget of \$5,943,704 or \$2,375,900 favorable to plan. This was mostly due to lower levels expenditures on Facilities and Equipment Repairs and Replacements, resulting from a shift in the timing of work from 2020 to 2021 for the 2020 neighborhood park improvement mill levy projects, higher levels of Grants and Contributions related to Senate Bill 35 funds received, which will be deployed in completing the 2020 neighborhood park improvement projects, and cash reserves used to fund additional Facilities & Equipment Repair & Replacements in 2020.

### **Comparison of Revenue and Expenses – 2019 Actual to 2019 Budget**

Operating Revenues were \$15,335,676 compared to budget of \$15,654,896 or \$319,220 unfavorable to plan. Operating revenues were below plan most significantly as follows: Recreation Centers by \$166,327 or 10.06%; Aquatics by \$91,767 or 9.59%; Ice Arena by \$71,569 or 3.35%; Golf by \$67,188, or 1.39%; and Parks by \$60,724 or 11.22% because of reduced patron visits and lower participation in various District program offerings. These negative variances were partially offset by Children’s Programs and Recreation Programs, which were favorable to plan by \$112,977 and \$27,664, respectively. The Children’s Programs variance was related to higher than planned participation in all day and before and after care programs and the Recreation Programs variance was related to higher than planned participation in youth gymnastics programming.

Operating Expenses were \$19,993,318 compared to budget of \$20,451,216, which was \$457,898 less than planned. The District has been very effective in creating an organization which encourages management and employees to control expenditures and to create efficiencies within their departments. Since 2008, Operating Expenditures have only increased \$4,388,374 or 28.11%, even with increasing program costs associated with increasing Operating Revenues, which have grown \$3,046,392, or 24.79% over the same period.

Net Non-Operating Revenues were \$2,272,257 compared to budget of \$4,796,320 or \$2,524,063 favorable to plan. This was mostly due to lower levels of net Grant expenditures and lower levels of expenditures on Facilities and Equipment Repairs and Replacements, resulting from a shift in the timing of work from 2019 to 2020 for the Clement Park Phase C project and the 2019 neighborhood park improvement mill levy projects.

## **CAPITAL ASSETS AND DEBT ADMINISTRATION**

### **Capital Assets**

As of December 31, 2020, 2019 and 2018, the District had invested \$81,771,178, \$81,687,342 and \$78,016,949, respectively in net capital assets, which represents a broad range of infrastructure including parks, recreation centers, golf courses, maintenance and administration facilities, vehicles, and equipment. In 2020, The District’s net capital assets increased by \$83,836 from net capital assets at the end of 2019 due to the current year’s additions, offset by current year depreciation of its capital assets. Similarly, in 2019, The District’s net capital assets increased by \$3,670,393 from net capital assets at the end of 2018 primarily due to the current year’s additions, partially offset by current year depreciation of its capital assets. More detailed information about the District’s capital assets is presented in Note 4 to the financial statements.

## **ECONOMIC FACTORS**

The District is located in Jefferson County which is in the southern part of the Denver metropolitan area where the local economic environment has been relatively strong over the last several years, excluding 2020, which was impacted negatively by the COVID-19 pandemic. The average unemployment rate in Jefferson County was 7.9% in December, 2020 versus 2.2% in December, 2019. In 2019, a reassessment year, property assessed valuations within the District increased by 12.92%, which contributed to a \$1,329,428 increase in Property Tax Revenue in 2020.

In recent years, the District has experienced an increase in the number of patron visits to our facilities and to our various programs. This trend did not continue for most areas of District operations in 2020 primarily driven by facility closures, program cancellations and operating restrictions related to the COVID-19 pandemic, which caused significant reductions in revenue from recreation programs and facilities. The District expects pandemic related operating restrictions to continue for the near future and as such expects that fee revenue and other operational revenue from recreation programs and facilities will not return to pre-pandemic levels until late 2021, or potentially beyond. The District's golf rounds and related revenues saw a significant increase in 2020 as individuals gravitated toward outdoor recreation opportunities and this trend is expected to continue in the near term, at least until COVID-19 related restrictions are lifted allowing more people to return to other activities which are more restricted due to the pandemic. The need for fee increases for all District programs and facilities will continue to be evaluated on an annual basis and be based on competitive rates for the markets we serve.

In November, 2017 a majority of the District's voters authorized the District to increase its mill levy 2.75 mills for general operating and other purposes. The mill increase has a nine-year sunset provision and it resulted in a significant increase in property tax revenues for 2019 and 2020 and will continue to do so throughout the duration of the nine-year increase.

In November, 2020 District voters approved a ballot question authorizing the continuation of a mill levy of 1.534 mills for Sub-District A for all future years. The mill levy was previously associated with the District's General Obligation Refunding Bonds, Series 2010, dated February 23, 2010, which were paid in full in 2020. Revenue generated from the tax was approved to be used for general fund purposes including capital improvements and operational priorities.

Property tax revenue increases resulting from assessed valuation changes beyond 2020 are not expected to be significant. Some modest new development is expected to take place within District boundaries, which would result in potential increases in assessed valuations due to growth related to new construction.

In time, the District expects that revenue streams will return to pre-pandemic levels, however, all major operating costs are expected to increase annually due to general inflationary trends in the foreseeable future. The District will continue to evaluate opportunities to increase its revenue streams and manage available funds as efficiently as possible.

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 1: DEFINITION OF REPORTING ENTITY**

*Financial Reporting Entity*

Foothills Park & Recreation District (the “District”) is a governmental unit (special district) operating in accordance with Colorado Statute. The District is governed by a five-member elected Board of Directors. The District was established to provide park and recreation facilities and programs in southern Jefferson County.

In accordance with Governmental Accounting Standards, the District has considered the possibility of inclusion of additional entities in its financial statements. The definition of the reporting entity is based primarily on financial accountability. The District is financially accountable for the organizations that make up its legal entity. It is also financially responsible for legally separate organizations if the District officials appoint a voting majority of the organization’s governing body and, either it is able to impose its will on that organization or there is a potential for the organization to provide benefits to or, to impose specific financial burdens on the District. The District may also be financially accountable for governmental organizations that are fiscally dependent upon it.

*Component Unit*

The Foothills Park & Recreation District Building Authority (the Building Authority) is governed by a board that consists of a voting majority appointed by the governing board of the District. In addition, the District is financially accountable for the Building Authority, and the Building Authority is financially dependent upon the District. The Building Authority is consolidated into the financial statements of the District. The Building Authority does not issue separate financial statements. In 2015, the District refunded the 2006 Certificates of Participation which were held by the Building Authority. Coincident with the refunding transaction, the Building Authority transferred the deed of all properties owned to the District. As a result, the Building Authority had no financial activity in 2020 and 2019.

*Joint Venture*

The Bergen Ditch and Reservoir Company (Bergen Ditch) and Bergen Ditch Land Company (Bergen Land) are corporations owned and controlled by various governmental entities and private individuals. The purpose of Bergen Ditch is to own and operate a water ditch system known as the Bergen Ditch. The District has a 23.8% ownership interest in Bergen Ditch and a 26.3% ownership interest in Bergen Land. In addition, the District leases another 60.5% of shares with voting interests in Bergen Ditch from Jefferson County. The District’s Executive Director and Director of Parks, Planning and Construction served on the Board of Directors of Bergen Ditch in 2020 and 2019. The District’s share in this joint venture is included as an investment on the financial statements. The financial statements for Bergen Ditch and Bergen Land are available at 9329 Lark Sparrow Trail, Highlands Ranch, CO 80126.

**FOOTHILLS PARK & RECREATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Foothills Park & Recreation District conform to generally accepted accounting principles (GAAP) as applicable to governmental units accounted for as a proprietary enterprise fund. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial principles. The following is a summary of the significant policies.

*Measurement Focus*

The District is accounted for as a single enterprise fund. Enterprise funds are a type of proprietary fund and as such, are reported in accordance with generally accepted accounting principles for proprietary funds as defined by GASB. The proprietary fund type is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the Statement of Net Position.

*Basis of Accounting*

The District uses the accrual basis of accounting, where revenues are recognized when they are earned and measurable, and expenses are recognized in the period incurred.

**Proprietary Fund**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal ongoing operations of the District result in revenue from charges to patrons for admissions to recreation facilities, rental of recreation facilities, fees paid for participation in recreation programs, and green fees for usage of the District's golf courses. All activities not associated with the principal ongoing operations of the District are reported as non-operating revenues or expenses.

*Cash, Cash Equivalents and Investments*

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are recorded at fair value. Local government investment pools are recorded at net asset value. Money market funds are valued at amortized cost.

*Inventory and Prepaid Expenses*

Merchandise inventory held for resale is valued at the lower of cost or market. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Deferred Outflows/Inflows of Resources*

In addition to assets, the statement of financial position and balance sheets will sometimes report a separate section for deferred outflows or resources. This separate financial statement element, deferred outflow of resources, represents a consumption of net position and fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows or resources. This separate financial statement element, deferred inflow of resources, represents an acquisition of net position and fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

*Restricted Assets*

It is the District's policy to first use restricted, if any, and then unrestricted resources when an expense is incurred for purposes for which restricted and unrestricted amounts are available.

*Property Taxes*

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the Jefferson County Assessor, generally as of November 30th of each year.

The levy is normally set by December 15<sup>th</sup> by certification to the Jefferson County Commissioners to put the tax lien on the individual properties as of January 1<sup>st</sup> of the following year.

The Jefferson County Treasurer (Treasurer) collects the determined taxes during the ensuing calendar year. The taxes are payable by April, or in equal installments in February and June at the taxpayer's election. Delinquent taxpayers are notified in August, and tax lien sales are in November.

The Treasurer remits the taxes collected monthly to the District. Property taxes receivable not collected within 30 days of year-end have been recorded as deferred revenue. Since property taxes are levied in December for the next calendar year's operations, the total levy is reported as property taxes receivable and a deferred inflow of resources for property taxes.

*Capital Assets*

Capital Assets include property, improvements to property, buildings, equipment, and water rights with an initial individual value of \$5,000 or greater. All capital assets are valued at historical cost or at an estimated historical cost if actual historical cost was not available. Donated assets are valued at their acquisition value.

**FOOTHILLS PARK & RECREATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Depreciation begins in the year of the completion for assets under construction. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over estimated useful lives ranging from 5 to 50 years.

*Compensated Absences*

Accumulated unpaid vacation amounts are accrued. District employees with 1-4 years of full-time service can accumulate up to 120 vacation hours, 5-9 years of full time service can accumulate up to 180 vacation hours, and 10 or more years of full-time service can accumulate up to 240 vacation hours. Accrued vacation is paid to employees upon termination of employment.

*Amortization*

**Bond and Certificate of Participation Original Issue Premium and/or Discount**

Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. The amortization amount related to the bond premiums and/or discounts is a component of interest expense and the unamortized balances are reflected as an addition or reduction of bonds payable, respectively.

**Deferred Cost on Bond and Certificate of Participation Refunding**

The deferred costs on the bond and certificate of participation refundings are being amortized using the straight-line method, which approximates the interest method, over the shorter of the life of the new or life of the defeased bonds or certificates of participation. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as deferred charges in deferred outflows of resources on the statement of financial position.

*Budgets*

In accordance with State Budget Law, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate funds for the ensuing year. The District's Board of Directors can modify the budget and appropriation resolutions upon completion of notification and publication requirements. The appropriation is at the total fund level and lapses at year-end. The Building Authority had no budget for 2020 or 2019.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

*Reclassifications*

Certain prior year amounts have been reclassified to conform to the current year presentation. The reclassifications had no effect on net position or changes in net position and were made to provide further detail of financial statement amounts.

**NOTE 3: CASH AND INVESTMENTS**

*Cash Deposits*

Colorado statutes require that the District use eligible public depositories, as defined by the Public Deposit Protection Act (PDPA) of 1975. Under the Act, the depository is required to pledge collateral having a market value at all times equal to at least 102% of the aggregate public deposits held by the depository not insured by federal deposit insurance. Eligible collateral, as defined by the Act, primarily includes obligations or guarantees by the U.S. Government, the State of Colorado, or any political subdivision thereof, and obligations evidenced by notes secured first by lien mortgages or deeds of trust on real property. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group.

At December 31, 2020 and 2019, the District's cash deposits had a carrying balance of \$5,199,540 and \$4,064,773, respectively. The District's cash deposits were not exposed to custodial credit risk, as all deposits were insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized in accordance with PDPA. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned.

**NOTE 3: CASH AND INVESTMENTS (CONTINUED)**

*Investments*

At December 31, 2020, the District had the following investments and remaining maturities:

<u>Investment Type</u>	<u>2020</u>		
	<u>Value</u>	<u>Measurement</u>	<u>Maturities</u>
Money Market Funds	\$ 1,776,801	Amortized Cost	Less than 12 Months
Local Government Investment Pools	6,820,323	Net Asset Value	Less than 12 Months

Bank Certificate of Deposits	247,244	Fair Value	Less than 12 Months
Total	<u>\$ 9,596,846</u>		

At December 31, 2019, the District had the following investments and remaining maturities:

<u>Investment Type</u>	<u>2019</u>		
	<u>Value</u>	<u>Measurement</u>	<u>Maturities</u>
Money Market Funds	\$ 1,234,693	Amortized Cost	Less than 12 Months
Local Government Investment Pools	6,770,882	Net Asset Value	Less than 12 Months
Bank Certificate of Deposits	988,377	Fair Value	More than 12 Months
Bank Certificate of Deposits	496,302	Fair Value	Less than 12 Months
Total	<u>\$ 9,490,254</u>		

At December 31, 2020 and 2019, the District had \$1,280,353 and \$1,232,931, respectively, invested with Firstbank Colorado and \$496,448 and \$1,762, respectively, in money market investment accounts other financial institutions.

In addition, as of December 31, 2020 and 2019, the District had invested \$6,820,323 and \$6,770,882, respectively, in the Colorado Liquid Asset Trust Fund (COLOTRUST), which has a credit rating of AAAM by Standard and Poor's. COLOTRUST is an investment vehicle established for local government entities in Colorado to pool surplus funds and is regulated by the State Securities Commissioner. It operates similarly to a money market fund and each share is equal in value to \$1.00. Investments consist of U.S. Treasury and U.S. Agency securities, and repurchase agreements collateralized by U.S. Treasury and U.S. Agency securities. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodians' internal records identify the investments owned by the entities.

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 3: CASH AND INVESTMENTS (CONTINUED)**

*Fair Value*

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of December 31, 2020 and 2019, the District had \$999,722 and \$1,484,679, respectively, invested in U.S. Treasury Agency Securities and bank market indexed and market linked certificates of deposit. These investments are valued with Level 1 inputs.

*Investments and Credit Risk*

Colorado statutes specify in which instruments the District may invest. These instruments are:

- Certain money market funds
- Certain marketable repurchase agreements
- Certain marketable reverse repurchase agreements
- Certain guaranteed investment contracts
- Bankers' acceptances of certain banks
- Certain corporate bonds
- General obligation and revenue bonds of U.S. local government entities
- Obligations of the United States and certain U.S. government agency securities
- Local government investment pools

In order to minimize credit risk the District follows the State Statutes by investing only in the instruments noted above.

*Interest Rate Risk*

As a means of limiting its exposure to fair value losses arising from prevailing market interest rates, the District primarily invests in Local Government Investment Pools which have a weighted average maturity of not more than 90 days. The District's investment policy states that investments with maturities longer than three or five years depending on the investment require approval from the Board of Directors.

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 3: CASH AND INVESTMENTS (CONTINUED)**

*Concentration of Credit Risk*

The District had no investment in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represents 5% or more of total District investments at December 31, 2020.

*Summary of District Cash, Cash Equivalents and Investments*

NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2020 and 2019**

**NOTE 5: LONG TERM DEBT (CONTINUED)**

*GO Series 2010* - In 2010, the District issued a total of \$15,310,000 of General Obligation Refunding Bonds, Series 2010, dated February 23, 2010. Proceeds from the sale of the bonds were used to refund a portion of the District's General Obligation Bonds, Series 2001, and to pay the costs of issuance of the Bonds. The bonds carry interest rates from 2.0% to 5.0% due semi-annually and mature serially beginning in 2010 and continue through 2020. The bond refunding saved a majority of the District taxpayers approximately \$1,335,374 in gross tax dollars between 2010 and 2020 as a result of the lower interest on the refunded bonds. These bonds were paid in full in 2020.

*GO Series 2012* - In 2012, the District issued a total of \$974,700 of General Obligation Refunding Bond, Series 2012, dated March 20, 2012. Proceeds from the sale of the bond were used to refund a portion of the District's General Obligation Bonds, Series 2002, and to pay the costs of issuance of the Bonds. The Bond is subject to quarterly mandatory sinking fund redemption. The Bond matures on December 1, 2022 and bears interest at the rate of 2.73% per annum. The Bond refunding saved taxpayers in Subdistrict B (Kipling Villas) \$124,568 in gross tax dollars through December 1, 2022 as a result of the lower interest on the refunded bond.

The annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending December 31,	Principal	Interest	Total
2021	\$ 105,700	\$ 4,738	\$ 110,438
2022	107,300	1,837	109,137
Total	<u>\$ 213,000</u>	<u>\$ 6,575</u>	<u>\$ 219,575</u>

*Revenue Bonds*

The District issues revenue bonds where the District pledges income derived from golf course revenues to pay the debt service.

*Revenue Bond Series 2011* - In 2011, the District issued a total of \$1,815,000 of Revenue Refunding Bonds, Series 2011, dated June 28, 2011. Proceeds from the sale of the bonds along with \$219,034 of District funds were used to refund the District's Revenue Refunding Bonds, Series 2001, and to pay the costs of issuance of the bonds. The bonds carry interest rate of 3.52% due semi-annually and mature serially beginning in 2011 and continue through 2020. The bond refunding saved the District \$369,898 from 2011 through 2020 as a result of the lower interest on the refunded bonds and the pay-down of the principal balance. The Revenue Refunding Bonds, Series 2011, do not have a reserve requirement. These bonds were paid in full in 2020.

*Certificates of Participation (COPs)*

The District and the Building Authority issue certificates of participation to finance needed recreation facilities.

*Foothills Park & Recreation COP Lease Purchase 2010* - In 2010, the District issued \$1,895,000 of Certificates of Participation Series 2010A and \$1,000,000 of Certificates of Participation Taxable QECB Series 2010B both dated August 19, 2010. The District applied and was awarded by the State Governor's Energy Office \$1,000,000 of "qualified energy conservation bonds" which enabled a portion of the interest paid on the Taxable QECB 2010B certificates to be eligible for an annual cash subsidy payment from the United States Treasury.

The certificates were issued for the purpose of financing energy conservation projects as set forth in the Energy Performance Contracts the District entered into in 2010. The Series 2010A certificates mature between 2011 and 2019 and carry interest rates between 2.00% and 3.00% due semiannually. The Taxable QECB Series 2010B certificates due October 1, 2022 are subject to mandatory sinking fund redemptions between 2019 and 2022 and carry interest rate of 5.75% due semiannually. Net of the government interest subsidy payment the District receives from the Federal government, effective interest rate is reduced from 5.75% to 2.17%.

*Foothills Park & Recreation COP Lease Purchase 2013* - In 2013, the District issued \$9,300,000 of Certificates of Participation dated May 15, 2013. Proceeds from the sale of the bond were used to refund a portion of the District's Certificates of Participation Bonds, Series 2002 and 2004, and to pay the costs of issuance of the Bonds. These certificates mature between 2013 and 2028 and carry interest rates between 2.00% to 3.25% due semiannually.

*Foothills Park & Recreation COP Lease Purchase 2015*- In 2015, the District issued \$11,055,000 of Certificates of Participation dated November 12, 2015. The certificates were issued to refund the outstanding balance of the 2006 COPs, to pay the costs of issuance of the Certificates, and to finance capital improvements at Clement Park. These certificates mature between 2016 and 2032 and carry interest rates between 2.0% and 5.0% due semiannually.

The Ice Arena, Ridge Recreation Center, and the Peak administrative building are collateral for the 2006 and 2013 COPs, the Ice Arena and the Peak Community and Wellness Center are collateral for the 2015 COPs, and a portion of the Lilley Gulch Recreation Center is collateral for the 2010 COPs.

**NOTE 6: COMMITMENTS AND CONTINGENCIES**

*Risk Management and Related Insurance Issues*

The District is subject to various risks of loss. These risks include theft of, damage to, or destruction of assets, errors or omissions by management or the Board of Directors, job-related illnesses or injuries to employees, torts, and injury to persons or damage to property resulting from a construction project, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public official's liability, boiler and machinery and workers compensation coverage to its members.

The District pays annual premiums to the Pool for liability, property, public official's liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceeded amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

For 2020 and 2019, there were no significant reductions in insurance coverage from the prior year for any major category of risk. The amount of settlements did not exceed the insurance coverage for each of the past three fiscal years. The amount of risk retained by the District through deductibles on the insurance policies was not material to the District.

*Legal Matters*

In the opinion of the District's management and counsel, there is no pending litigation or other legal claims which would materially affect the financial statements of the District.

**FOOTHILLS PARK & RECREATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 7: SALARY DEFERRAL PLAN**

The District has a salary deferral plan (Plan) that was converted from a defined benefit plan to a defined contribution plan in 1982. Plan provisions and contribution requirements are established and may be amended by the District's Board of Directors. Full and part-time employees are eligible to participate in the plan on the first day of the month following completion of 30 days of employment if they are at least 21 years of age. Each eligible employee is allowed to defer compensation in 1% increments of their pay, but their deferral may not exceed the specific annual dollar amount determined by the Internal Revenue Service. The District may make non-elective contributions to full-time employees' account in the Plan in the amount determined by the District at its discretion. The District's contributions plus earnings become vested at a rate of 20% after the first year of employment, 40% after the second year of employment and are 100% vested after the third year of employment. District contributions for plan participants who leave employment before they are fully vested are forfeited. Participant forfeitures will be used to reduce the Employer Discretionary Contributions to the Plan for the Plan Year in which the forfeitures occur. There is no liability for benefits under the Plan beyond the District's discretionary contributions.

The District has the authority to determine the amount, if any, of discretionary contributions to the Plan. The District's discretionary contributions made in 2020 and 2019 were \$268,454 and \$243,254, respectively.

**NOTE 8: TAX, SPENDING AND DEBT LIMITATIONS**

In November, 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Under TABOR, spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

In May 2002, the District voters approved a ballot question to remove the revenue and spending limitations of the TABOR amendment from the entire District. The Amendment is complex and subject to judicial interpretation. The District believes it is in compliance with the requirements of the Amendment based on the interpretations of the amendment's language.

**FOOTHILLS PARK & RECREATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 8: TAX, SPENDING AND DEBT LIMITATIONS (CONTINUED)**

In November, 2017 a majority of the District’s voters authorized the District to increase its mill levy 2.75 mills for general operating and other purposes for a nine-year period only, ending in collection year 2026. The additional tax revenue is being used through the nine-year period to: provide better park maintenance, improve conditions of parks and sports fields, improve neighborhood and community parks, improve outdated and failing equipment, repair and enhance trails for better connectivity, repair facilities and offset increasing operational and maintenance costs. Such revenue shall be collected, retained and spent notwithstanding any other revenue limits provided by law.

In November, 2020 District voters approved a ballot question authorizing the continuation of a mill levy of 1.534 mills for Sub-District A for all future years. The mill levy was previously associated with the District’s General Obligation Refunding Bonds, Series 2010, dated February 23, 2010, which were paid in full in 2020. Revenue generated from the tax was approved to be used for general fund purposes including capital improvements and operational priorities and is not subject to any limitation under TABOR.

**NOTE 9: NET POSITION**

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted net position.

*Net Investment in Capital Assets*

Net invested in capital assets consists of amount invested in capital assets, net of accumulated depreciation, and further reduced by outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

The District’s Net Investment in Capital Assets as of December 31, 2020 and 2019, was calculated as follows:

	2020	2019
Capital Assets	\$ 81,771,178	\$ 81,687,342
Outstanding Debt	(14,263,000)	(17,511,600)
Unamortized Bond Debt Premium	(809,968)	(951,798)
Unamortized Deferred Charges	306,354	442,679
Net Investment in Capital Assets	\$ 67,004,564	\$ 63,666,623

*Restricted Net Position*

Restricted Net Position represents assets that have third party limitations on their use. As of December 31, 2020 and 2019, the District had a Restricted Net Position of \$736,000 and \$804,000, respectively, consisting of emergency reserves required under TABOR.

**FOOTHILLS PARK & RECREATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2020 and 2019**

**NOTE 9: NET POSITION (CONTINUED)**

*Unrestricted Net Position*

Unrestricted Net Position represents assets that do not have any third party limitations on their use. While District management may have categorized and segmented portions for various purposes, the District Board of Directors has the unrestricted authority to revisit or alter these managerial decisions. At December 31, 2020 and 2019, the District had an Unrestricted Net Position of \$12,922,818 and \$10,924,597, respectively.

**NOTE 10: FOOTHILLS ARTS & EVENTS AGENCY**

The Foothills Park & Recreation District Cultural Arts Agency was created in 1993 to better serve the public in the arts. In April of 2014, the Cultural Arts Agency was rebranded as the Foothills Arts & Events Agency (“The Agency”). The Agency creates, establishes, puts on and provides classes and opportunities for district-wide cultural arts services for the benefit of the taxpayers of the District, said services to include fine and leisure arts, performing arts and culturally related special events. The Agency is subsidized by grants and contributions from a variety of sources. In 2020 and 2019, the Agency received funding from the Scientific and Cultural Facilities District in the amount of \$28,000 and \$30,810, respectively, to support its mission. The Agency is tracked as a separate department but is reported within the financial statements of the District. In 2020 and 2019, the Agency had total revenue of \$133,053 and \$367,812, respectively, and total expenses of \$225,243 and \$361,638, respectively.

**NOTE 11: RELATED PARTY TRANSACTIONS**

The District’s Executive Director and Director of Parks, Planning & Construction served on the Board of Directors of Bergen Ditch in 2020 and 2019. The District owns a 23.8% interest in Bergen Ditch and a 26.3% interest in Bergen Land, which are valued as of December 31, 2020 and 2019 at \$4,122 and \$8,617, respectively.

**NOTE 12: RECONCILIATION OF REVENUES AND EXPENSES GAAP TO BUDGETARY BASIS**

For financial statement presentation purposes the District is shown as an enterprise fund. Enterprise funds recognize income when earned and expenses when incurred. Depreciation is recorded on capitalized equipment. For budgetary purposes, all receipts are shown as revenue when received regardless of whether they are earned revenue or liabilities, and expenditures are recorded for all disbursements, including capital expenditures and debt service payments, regardless of the period those disbursements benefit. See Supplementary Information for Schedule of Revenues and Expenditures prepared using Non-GAAP budgetary basis.
