I got my first Personal Trainer who changed my entire life. **A Bit About Me**

My interest in fitness and health began at home as a kid – my parents were always interested in eating healthy fresh foods and exercising daily. My interest grew when I began working for gyms throughout college. I decided at that point to include health and fitness in my career. After college, I began working in a local health food store in the supplement department. I found that I really enjoyed it! After 8 years working in supplements, I decided to also follow my other passion and started a new career as a Personal Trainer. Now I can share my enthusiasm about fitness, supplements and healthy eating.

My husband and I have recently relocated to this area from Ohio. I also taught classes at YSU in the Kinesiology and Sports Medicine Department. I look forward to continuing my career at Foothills Park & Recreation District as a Personal Trainer.
