

Mill Levy Continuation Election Information for Kipling Villas Sub-District (Sub-District B)

The Kipling Villas Sub-District (Sub-District B) of the Foothills Park & Recreation District, is requesting a continuation of an existing 4.105 mill levy. This mill levy was originally approved by the residents of the Kipling Villas in 2002 to fund a wide range of capital improvements to the Kipling Villas Greenbelts. It is set to retire at the end of this year (2022).

On May 3, 2022, voters in the Kipling Villas will be asked by ballot to continue this 2002 mill levy. If approved, it would continue the existing mill levy with no increase to your current mill rate. These continued funds will allow the Foothills Park & Recreation District to address important capital improvements and operational priorities within the Kipling Villas Community; priorities which were directly identified from community input, such as:

- Maintaining, conserving and improving Kipling Villas greenbelts, landscape beds and site furnishings;
- Improving and maintaining existing walking trails within the Kipling Villas;
- Enhancing water conservation by replacing, improving and modifying aging irrigation systems within the Kipling Villas Greenbelts and landscape beds.

What is a Mill Levy?

A mill levy is the “tax rate” that is applied to the assessed value of a property. Mill levy revenues fund operational costs, capital repairs and equipment.

What does this mean for Kipling Villas Sub-District (Sub-District B) residents if approved?

If approved by voters, this would continue the existing mill levy for the greenbelts. Currently, homeowners pay \$2.33 per month per \$100,000 of a home's assessed value. This directly benefits the Kipling Villas Community.
